

Our Bar/Bat-Mitzvah Philosophy

*A*ll Bar and Bat-Mitzvah's are entertained with class and professionalism every step of the way. We are far from the hokey DJ who dresses up in a chicken costume doing the chicken dance or Y-M-C-A on the dance floor.

Your party will not be turned into a circus!

*M*usic and interaction is customized and appropriate for your reception and your DIS-likes are just as important as the things you DO want at your party. We find the right balance and mix of music to ensure all age ranges and guests have a blast simultaneously and remember your special day for all the right reasons! Our small company size ensures that you receive the attention that you expect and deserve. There are no "cookie cutter" parties. You will feel as though you are our only client and receive prompt attention.

*O*ur entertainers motivate and engage all guests without overstepping our boundaries or taking over the party - The attention is not on us.

We do not forget whose special day it is or the meaning behind it.

*I*n advance of your reception, we help coordinate the agenda and timeline, ensuring that all of the people involved (caterers, function managers, party planners) work together and things flow smoothly with no down-time.

All you have to do is show up relaxed and ready to have fun!
