

THE

Paris
Productions, inc.
Full Service Interactive DJ Entertainment

DIFFERENCE!

Unlike many large entertainment companies, Paris Productions, Inc. is a small, family operated company, offering personalized quality service. You will not have to worry about what MC you are going to get, or be nervous that the “crew” that shows up at your party is bad.

Many large companies make their money from quantity bookings. **The problem=no quality control.**

You may pay x number of dollars for a DJ package and be happy with the service, or you may pay the same amount, and get some new MC, and be completely dissatisfied.

Paris Productions, Inc. can only entertain at 2 parties at a time. We have chosen not to expand our staff, but rather, limit the number of bookings we can accept, and maintain our high reputation for quality entertainment services.
