"There is such a difference between what you do and what others do. My son's guests, kids and adults, did not leave the dance floor for one minute.—not even for dinner. Your ability to keep the crowd moving all night long amazed us!"

-Jayne and Marc Lampert Sudbury, MA

YOU HAVE FOUND BOSTON'S HOTTEST INTERACTIVE DJ COMPANY!

Paris Productions scouted some future entertainers at a recent party in Boston.

Paris Productions, Inc has been entertaining all over New England for 15+ years, specializing in high energy New York style

DJ entertainment. Unlike many interactive DJ companies, Paris Productions does not take over the party or turn it into a circus. Knowing when and where to draw the line is crucial and comes with experience. Our dancers motivate and engage, without putting on a show or stealing the attention. Our ability to include both kids and adults simultaneously is unlike any other! We pride ourselves on quality interactive entertainment that has you and your guest leave the party saying, "That was the best party I've ever been to." At Paris Productions, you are not just another number.

We are not doing you a favor by serving you - you are doing us a favor by giving us the opportunity to do so!

OUR PHILOSOPHY

Music selection, interaction level, and the right MC, are essential for a successful celebration. We keep our company small to ensure high quality control and detailed attention to each client. It is more important to take great care of a small number of clients than grow too quickly and sacrifice quality! All services are performed tastefully and with class. We often receive calls from clients after their party saying "Uncle Stan, who never dances, was out on the floor doing a brand new line dance!" This is one of the greatest compliments a DJ can receive.

NOT ALL PARTIES ARE CREATED EQUAL

We refuse to DJ a "cookie cutter" party. All aspects of your celebration will be customized, including likes and dis-likes. No two parties are the same! Our specialty is working with your theme to create a unique celebration that stands out from the rest. Offering a wide array of entertainment packages and novelty items, we have all the tools for a successful party that will leave your guests raving!

PARTY PLANNING

Paris Productions is your one-stop entertainment center. We take pride in offering everything from animal rides to xylophone players. Let Paris Productions take the headache out of planning your event. Our goal is to put together the exact party you are looking for, without any of the hassle. In advance of your celebration, we will coordinate an agenda and time line with you and your caterer/function manager to ensure that your event flows as smoothly as possible. We coordinate everything from the candle-lighting to the motzie to the food service.

MUSIC

We carry thousands of songs to every party to ensure diversity. One minute we may be playing Frank Sinatra, and the next, something from our "today's hottest music" category. Finding the right mix of music is crucial in keeping all age ranges dancing at once. Our DJs and MCs have the experience to "read the crowd" and know exactly what song to play to keep the dance floor packed from beginning to end!
